

CIMAC Technical Papers and Recommendations

CIMAC

CIMAC, the International Council on Combustion Engines, is a worldwide non-profit association consisting of National Member Associations, National Member Groups and Corporate Members in 27 countries in America, Asia and Europe.

It brings together manufacturers of diesel and gas engines and gas turbines, users such as shipowners, utilities and rail operators and also suppliers, oil companies, classification societies and scientists.

The CIMAC Technical Database comprises the CIMAC technical publications, including CIMAC recommendations from 1951 on. The database gives the bibliographic details for each publication, an English abstract, keywords and a link to the fulltext (for CIMAC-members only). It is classified with the WTI Classification.
